## **RECURRING THEMES – SOMETIMES CONFLICTING**

- We're trying to do too much – let's focus and do a better job on fewer things.
- We're just not "known" enough in most communities.
- Everyone seems to approve of the films, eBlasts and Green Business Program – programs that are "easy to understand."
- The Board could be more engaged – committee participation, providing direction to staff.
- Frustration that Lee/Harnett CAT's attendance isn't like Moore/Cumberland.
- Parsons encouraged by diversity of interests and alignment with SS programs.
- Lots of Board interest in drawing SS programs into their communities.
