

Thank you for helping us raise \$6,000 of our goal!

As the summer days heat up, so too has our annual Membership Drive! We have been gratefully overwhelmed by the immediate response to our request

\$18,000

\$6,000

\$0

for support from individuals just like you! Not only have long-time members continued their support of Sustainable Sandhills, but new members just learning of our work in the region have joined our efforts as well.

Though we've had a great response so far, we are still a long way from meeting our **Summer Membership Drive goal of \$18,000**. If you've been contemplating giving to an organization whose grassroots efforts have a direct impact in areas such as Local Food & Culture, Green Growth, Air Quality and Recycling, then Sustainable Sandhills is the organization for you! Not to mention we're making a difference in eight counties!

Requests for project support and resources grow daily as more people try to integrate sustainability into their lives. This important work cannot be done without the support of our members—citizens just like you. Your donation will have an immediate impact in your community, so please

take a moment to become a member today!

For more information about becoming a member or making a donation to Sustainable Sandhills, please contact [Heather Brown](#), Director of Development.
