

Conserving our natural resources through education, demonstration, and collaboration.

## K3 Enterprises earns Sustainable Sandhills Green Business Certification!

[K3 Enterprises Inc.](#), established in 2005, is a Service Disabled Veteran Owned Small Business that recently moved into a new office space next to the Headquarters Library in Downtown Fayetteville. They provide consulting services, program management, independent evaluation and testing, and GIS training while helping their clients solve their most difficult business challenges. K3 Enterprises also earned their initial [Sustainable Sandhills Green Business Certification](#) in November.

While helping their clients solve business challenges, K3 Enterprises has maintained a focus on becoming an energy efficient and sustainable business. When energy-hogging geospatial and biometric training equipment is not in use, the equipment – including lights, computers, and projectors – are powered down.

K3 Enterprises has also installed a shower facility to promote exercise in the workplace, reduced the amount of junk mail by removing the organization from national data bases, and they clean with a range of green cleaning products.

Since this is **K3 Enterprises'** initial time being certified as a Sustainable Sandhills Green Business, their certification lasts for one year. We want to thank K3 Enterprises for being a community leader by being such a sustainable business.

For more information on this story please contact Sustainable Sandhills' Green Business intern, Celestine Raineri, at (910) 484-9098 or [celestiner@sustainableandhills.org](mailto:celestiner@sustainableandhills.org)

*Green businesses reduce waste, promote recycling, become energy and water efficient, purchase eco-friendly products, and educate their employees and customers about the multiple benefits of a sustainable community.
