

HRTF Read-Ahead Material for Meeting #5

The topic of Meeting #5 on Thursday, September 13 will be **materials processing**. We've been focusing on collection for the last 2-3 meetings, and while we have some loose ends still to tie up, we'll turn now to what happens AFTER recyclable materials are collected.

NC Division of Pollution Prevention and Environmental Assistance (DPPEA) Recycling Business Assistance Center (RBAC)

The link to the RBAC page on the DPPEA site is:

http://www.p2pays.org/rbac/recycling_markets.html

For HRTF meeting #5 purposes, the two most useful pages to view are:

- NC Recycling Markets Directory - <http://www.p2pays.org/DMRM/start.aspx>
- Pricing Trends for Recyclables - http://www.p2pays.org/rbac/pricing_trends.html

Source-Separated Markets near Harnett County

Use the Markets Directory (above) to get contact info and a full list of materials handled by each.

- Cohen & Green Salvage - Fayetteville
- Lee Iron & Metal – Sanford
- Paper Stock Dealers – Fayetteville
- Central Carolina Tire & Disposal – Harnett

NC Commingled Material Recovery Facility (MRF) map

It's on the Sustainable Sandhills website – [click here for the link](#).

Private Sector MRF info (commingled streams)

Simply the list of websites for the companies that own and operate the private sector MRF's in NC.

- **FCR** (Greensboro and Charlotte) <http://www.casella.com/locations/fcr/>. Not much info here. We'll have some photos of FCR plant in presentation.
- **Sonoco** – aka Paper Stock Dealers (Raleigh)
http://www.sonoco.com/sonoco/Markets/Recycling/mkt_recycling_main.htm. Paper Stock Dealers is a subsidiary of Sonoco, and recently the MRF's - as well as the fiber market facilities in NC - have been re-branded as Sonoco (instead of the old PSD). Also not much info here. The new single stream Sonoco MRF in Raleigh is one of the field trip tours set for Sept 25.
- **Tidewater Fiber Corporation** (Durham, and a facility in Chesapeake, VA)
<http://www.tfcycling.com/>.
- **Waste Management – Recycle America** (Raleigh & Winston Salem)
<http://www.p2pays.org/DMRM%5CProfilePDF/Recycle.pdf>
- **Uwharrie Environmental** (Montgomery County) – <http://www.republicservices.com/>.

Public Sector MRF info (commingled streams)

These are the examples from central and eastern NC.

- Davidson County MRF info sheet - <http://www.p2pays.org/ref/26/25009.pdf>
- City of High Point MRF - <http://www.high-point.net/pubsrv/MRF.cfm>
- East Carolina Vocational Center - <http://www.ecvcinc.com/index.php>. A very interesting model. Another link to a summary by DPPEA of ECVC is at - <http://www.p2pays.org/DMRM%5CProfilePDF/ECVC.pdf>
