

Conserving our natural resources through education, demonstration, and collaboration.

Carolina Eye Associates

[Carolina Eye Associates, P.A.](#) is

a multi-subspecialty eye center
where board-certified

ophthalmologists, along with a team of optometrists and support staff,
provide a full range of diagnostic and treatment services. We want to
congratulate Carolina Eye Associates on becoming a [Sustainable Sandhills](#)

[Certified Green Business.](#)

This business says that
“participating in the Green
Business Program is
important to Carolina Eye
Associates because it gives
us the opportunity to
minimize our impact on the
environment, improve
operational efficiency, and

set a positive example for our patients and community.”

Examples of green practices that Carolina Eye Associates has adopted as a
result of the Green Business Program are discontinuing the use of styrofoam,
adding Clorox Green Works to the housekeeping supply for daily use,
educating employees on the need for water and energy efficiency, asking
employees to bring their own cups for coffee and water, and
utilizing Envirolution Waste Management’s services for waste reduction
practices.

Since Carolina Eye Associates is being certified for the first time, their certification lasts for one year. We want to thank Carolina Eye Associates for being a community leader.

Keep up the good work!

*Green businesses reduce waste, promote recycling, become energy and water efficient, purchase eco-friendly products, and educate their employees and customers about the multiple benefits of a sustainable community.
