

## “Vanishing of the Bees” Film Screenings *and* TWO English Garden Beehive RAFFLES!!

**What are the bees trying to tell us?** Join us at one of our three screenings of “Vanishing of the Bees” - followed by panel discussions and demonstrations by local beekeepers – hosted by Sustainable Sandhills in May. Oscar-nominated actress Ellen Page narrates the film, which explores the mystery surrounding Colony Collapse Disorder, the almost magical attraction of beekeeping, and the potential implications of a catastrophic loss of pollinators on our food system.
