

Mr. Linwood Peele
Water Supply Planning Section Chief
Division of Water Resources
North Carolina Department of Environment and Natural Resources
Raleigh, North Carolina

Mr. Peele is currently serving as Water Supply Planning Section Chief with the Division of Water Resources, NC Department of Environment and Natural Resources (NC DENR) since 2003. He is responsible for supervising the Water Supply Planning Section while providing technical assistance to local government water systems with Local Water Supply Plans, Water Shortage Response Planning, Water Conservation, Drought Monitoring and providing technical assistance with Water Withdrawal Registration, along with many other water supply issues.

Prior to this position, Mr. Peele served as Engineer II with the Division of Water Resources (NC DENR), and was responsible for providing technical assistance to local government water systems with development and engineer review of Local Water Supply Plans, reviewing engineering documents as well as assisting them with other water supply analysis and planning efforts.

Mr. Peele holds a Bachelor of Science degree in Civil Engineering and a Masters of Science degree in Engineering, with a Water Resources concentration, from NC A&T State University.
