

**Mr. Jon Risgaard**  
**Environmental Engineer, Land Application Unit**  
**Division of Water Quality**  
**North Carolina Department of Environment and Natural Resources**  
**Raleigh, North Carolina**

---

Mr. Risgaard has served with the Division of Water Quality (DWQ) for over four years and with the Land Application Unit (LAU) for over one year. He concentrates his time working with the State's residuals land application program and with the use of reclaimed water.

Prior to working with LAU, Mr. Risgaard worked with industrial pre-treatment and collection system permitting. He brings to this conference nine years of engineering experience, combined from state government and the private sector.

Mr. Risgaard received both his Bachelor and Masters of Science degree in Civil and Environmental Engineering from the University of Wisconsin-Madison.
